**PORTRAY THE PERFORMANCE OF THE INSTITUTION IN ONE AREA
DISTINCTIVE TO ITS PRIORITY AND THRUST WITHIN 200 WORDS**

Every year, Sonari College hosts *Bihu Adarani*, a traditional cultural program celebrated as spring begins, with the aim of fostering communal harmony and cultural exchange among people of various communities and castes. Jointly organized by the College Authority and the Assamese Department on the eve of Rongali Bihu, *Bihu Adarani* brings together participants from diverse backgrounds who share perspectives and showcase their cultural heritage. Various groups, including the tea garden community and other ethnic populations from the area, present their unique cultural identities.

To honour contributions to cultural preservation, the organizing committee recognizes local individuals actively involved in cultural activities. The local communities are dedicated to conserving their distinct ethnic traditions, mindful of the impacts of globalization, which poses a threat to smaller ethnic groups and their cultural identities. Through *Bihu Adarani*, Sonari College provides a crucial platform for these communities to assert their presence in the face of such challenges. By promoting this event, the college not only celebrates cultural heritage but also inspires the younger generation to value, protect, and strengthen their traditions, ensuring that these rich cultural expressions thrive amid modern influences.
